Artemisia is attending college in New England, majoring in English Literature. This is her questionnaire:

Did you like posing nude? Did it make you feel hot?
I felt nervous, honestly.
What part of your body do you consider your best? Why?
Oh, [laughs] that's not really for me to say, is it?

StoreMags.com - Free Magazines Download in True PDF format

Release: StoreMags & FantaMag

Do you enjoy exposing yourself in public?
No. I'm basically pretty shy.
Describe losing your virginity and rate experience.
It was over very quick [laughs]. That's mostly what I remember.
How often do you masturbate? What method?
Regarding method, this is actually quite funny. I have very long, drawn out fantasies about people. Not so long ago I decided to write them down, and I found the act of writing, the intensity of concentration it required, made the power of the fantasies so much greater! I literally had to write one-handed because I simply had to touch myself as I wrote it down!
I hate / like / love giving head. Why?
I'm going to put 'like' because it isn't always fun for me, but I do enjoy pleasing people and making them happy. I think, in the end, there is

still a lot for me to learn regarding technique.

Spitter or a swallower?

Hmm. I'm forced to write 'neither' because it's never come to that yet. Maybe that indicates that I'm not as good as I should be.

I hate / like / love receiving cunnilingus. Why?

I have trouble letting myself go with people I don't know. But I recently started seeing someone and, over time, he's taught me to trust him and to open myself up to pleasure.

How do you like to be fucked? How can a lover best make you cum?

Um…[laughs] I haven't exactly mapped out every aspect of that. I suppose I want the person I'm with to surprise me.

I hate / like / love anal sex.

The only advantage I can see to this is you couldn't get pregnant. Luckily we live in an age where we have condoms.

Where do you like a guy to cum? Describe.

Mostly it's been in condoms. I keep condoms in my book bag. I was a girl scout, so I know the importance of being prepared! [laughs]

Are you bi-sexual? If yes, describe your best time with a woman.

I believe deep down everyone is bisexual, but society imprints us with a sexual identity at an early age.

Have you ever had sex in public? Describe.

I've only had two partners and one real boyfriend, and we have to be very discreet because of his ongoing family situation. I have masturbated in a train restroom, though.

Have you ever had more than one lover at once?

No, but I'll confess I've fantasized about it.

StoreMags.com

StoreMags.com

Have you ever had sex with a stranger?
Again, only in fantasies. Whenever I have to take the train back home, I pass the time by picking out a man in the crowd and crafting a whole erotic story about how he sits next to me and wordlessly flirts with me. Eventually he slips his hand between my legs without asking and confidently starts massaging my pussy until I'm so aroused I follow him into the bathroom and let him take me bent over those disgusting chemical toilets. Which is why I masturbate in exactly those same disgusting chemical toilets. [laughs]

StoreKings.com

What is the sluttiest thing you've ever done?

Well, I guess it's alright to admit my boyfriend is an older married man seeking a divorce. (It's not like anyone could identify him from that.) One of the things being used as evidence against him in his divorce is that he likes to collect erotic magazine like TIGHT. I'm posing for you as a way of giving a gift to him.

What's the absolute best sex you've ever had?

It's all happened very recently. The passion I'm having with this older man has opened me up in ways I can't even describe.

What kind of men do you like?

Mature, older, intelligent men.

What's the best way for a man to pick you up?

I'm a pleasant person and I expect you to be pleasant back to me.

My Final Frontier

AGE 18

FROM Philadelphia, PA

StoreKage.com

My philosophy is usually to never say never. You just don't know how life will unfurl, so you shouldn't make too many rules to live by. Take this for example: I always said that I would never have anal sex. But then, eventually, I did.

It all started when I was fucking my boyfriend. This was in his apartment. He was fucking me from behind pretty hard. We were both so turned on and I felt myself wanting to say something really dirty to him. Surprising even myself, I blurted out, "Fuck me in the ass!

As soon as the words slipped out, I started giggling. His shock was so great that he stopped pumping. It's not like we'd ever had a conversation about it, but I'd never given him the slightest encouragement to stick it up my ass. (Until that moment, I would have screamed at him if he'd tried.)

I sort of have butt issues. I'm very self-conscious about bathroom stuff and cleanliness in general. I guess I'm just a typical girly-girl that way. Anyway, long story short, I was always afraid of any poking around back there. I didn't even want my gynecologist to go there and have managed to avoid a rear inspection all my life.

But I digress: back to the fucking on the couch. I was so totally sex-drunk at that moment, getting more aroused with each thrust, that when I blurted out the Ultimate Sex Invitation I discovered, to my shock, that I didn't instantly want to take it back. In fact, I was totally ready to enter the final frontier. Or, rather, have my final frontier entered. Or is it my backtier? Whatevs, you know what I mean. I was suddenly ready for a cock in my ass.

"Did you just say 'Fuck me in the ass'?" he asked.

"Yeah, just do it," I answered.

And he did. He pulled out, lifted up a bit to fit it between my up-thrust bum cheeks, and pushed it in. He had only my pussy juice to serve as lube, but that was slippery enough for him to cram it inside until he popped my ass open.

"Ow!" I winced involuntarily It was probably only about a half-inch, but it felt huge. He said sorry and pulled out. I surprised him by whining in disappointment. I still wanted that cock in my ass and I told him so. Then I rooted around in my bag and luckily found some hand lotion in there. (I suffer from dry skin a lot.) I took off the cap and squirted a whole huge amount of lotion onto my fingers. I put those fingers to my ass and started rubbing them into my hole while my other hand rubbed my clit. It was quite a show for him.

I was ready to go for it again. He bent his cock in between my cheeks (hard as rock!) and pushed it in. This time my ass was a lot more welcoming. He slowly sank inside as my mouth stretched into a big, wide, super-duper sex pout. It was undoubtedly the dirtiest experience I've ever felt in my life. He began to move slowly in and out, keeping it shallow at first. As I got used to it, I relaxed and even started to back myself up into him, coaxing him to go deeper.

"Oh, you want more?" he asked. "Then take it, slut. Take my big cock in you ass." Normally I would find that talk really cheesy, but at that moment, feeling his shaft sliding through my butt crack and packing my ass, it felt perfectly right. Before I knew it, he was fucking my ass almost as hard and deep as when he fucked my pussy.

He was pulling my hair in his hand, which I *love,* and smacking my bum cheeks in order to get me more receptive. His hard cock felt SO weird pumping into my ass, but at the same time I was experiencing this totally new, awesome sex high. I guess it was the first time I ever really reveled in feeling *perverse*—just peaking on the sense of being a dirty, evil sex machine. What a fucking good time!

What can I say? I took it like a champ my first time. He humped my butt without real lube and he, probably without really intending it, totally came inside my ass with a big lion roar. I craned my neck back and gave him a big, wet tongue kiss while I felt his cock continue to throb and squirt his gloop inside my hole.

Most of my friends can't believe I did it. Hell, I can't believe I did it. But it's given me a new kind of weird, super-confidence that I didn't have before. It's like it took anal for me to realize, yeah, I AM pretty fucking hot. I doubt I would have ever had the courage to pose naked for TIGHT without it. So, if you like me, give a little shout out to my ass for thanks.

AGE 18

Myrtle Beach, SC

I was a really shitty student. I remember sitting through high school, staring at the books as my eyes went blurry, everything the teacher saying going right over my head. So college wasn't happening. In my town the only work was a factory where they made screen doors. No thanks. People are always saying I'm pretty. A friend of mine shows me a website and we talk about it and talk about it and then we get a little drunk and take some nude pictures of me and post 'em up.

I wasn't even legal yet, but I liked the response I got. When I turned 18 and could do what I wanted, I knew I was going to do it for real.

When you get signed everyone starts telling you you're so beautiful and hyping you up. You get to have professional hair and make-up and they lend you all these clothes. And when they talk about the movies, they're like, Okay you're going to fuck this person, and so-and-so is going to fuck this guy and that guy. It's all so out in the open that it makes you feel like it's normal. If they were more shifty about it I probably wouldn't have done it, but they're so professional it doesn't feel like a big deal.

They gave me a script in advance. It sounds glamorous, but it's basically homework.

You totter around on your high heels in wardrobe, trying to cram it. Then they gave me a run down of what was going to happen in my scene, and what I would do.

The first scene I ever did was a girl-girl scene. I met the girl before. She was trying to be nice, but I was still pretty scared of her. She was only 20 years old, but she looked like she could just fuck the shit out of me. I spent a lot of time in the bathroom before, trying to psyche myself up. I actually started crying for a while. It was really bad because I had to come out to the make-up girl and say I was really sorry, but I think I ruined all her work. She's said, "Don't worry, honey, that happens a lot with the first-time girls." She fixed me up and was like, "It will be our little secret."

So I did my scene. It actually sort of helped that the camera crew all look so bored. They've seen it a million times before. It's funny, because that indifference becomes almost like an incentive. You go from being like, *Okay, I'll submit to doing this for you guys*, to being all, *I'll show you motherfuckers something to wake up for!*

I should have practiced eating pussy before.

Maybe asked for help or lessons, but I was too embarrassed. It's not that I was so bad, but it was different than I thought it would be. Basically the other girl just had to push me around and tell me what to do. You can see on the camera that I'm sort of hiding my face behind my hair a little bit. Then she turned me over and went down on me and my knees are sort of shaking and I'm so stiff with fear. I really just couldn't get into it until the last ten minutes, when suddenly I sort of relax.

I mean, by this point there's no going back. I'm on camera now, pussy and all, and I've signed everything, so it's going out there. There's no point to keep being uptight so why not enjoy it a little? The camera crew are just there; you stop noticing them after awhile. You can see it in my face on camera. I relax, close my eyes and suddenly I'm breathing real deep. I even reach down and spread my pussy lips for her. My butt starts scooting in rhythm to her tongue, trying to twist so that she'll hit me exactly the place I want her to hit me. Then the groans start coming for real and I hype myself until…until…there it is! I have me a full blown orgasm!

I've worked out my whole career plan. The first three years I can get away with just doing girl-girl. I'll have a website. Then it will be a big deal when I finally switch over to boy-girl, and it will be me on the box cover. Then, after about two years of straight boy-girl I'm going to submit and do my first anal scene. But that's going to be an exclusive licensing deal where I'm listed as a producer on the credits. And then after a year of anal and gang-bang stuff, I'll retire.

And then I'll go back home. It will be right in time for my five-year high school anniversary, and I'll have enough money to shove it all in their faces!

I love looking at my pussy after I've just had sex. Is that weird? I'm not gay or anything, but I think my pussy is very beautiful and it turns me on to look at it. My cunny is so smooth and delicate and neat most of the time, but right after I have sex my pussy lips get all screwed up, kind of in the shape of the cock that spread them open. And they get this really bright, pinkish color, especially if the guy is big.

Plus the wetness! My God, my pussy becomes so, well, sloppy—but in a very sexy way. I have a big, giant mirror right on the wall of my dorm room bed and it's awesome right after sex because I put my leg on the wall and check out my pussy. I love to see it all moist and puffy and glistening. I run my fingers over it and purr. I think my pussy is beautiful.

And the mirror is, trust me, the best sex aid in the world. I love watching myself while I'm fucking, and every partner I've been with felt exactly the same way. Once the boning really starts, they're never looking at my face or down at their dicks, but always right into the mirror. It's just human nature to get off at the sight of yourself rocking hard. I know I totally do. When a guy is pounding me hard or I'm riding him and really pushing that ass, I look at myself in the mirror and think, *Is that me!? Is that my face? My ass? My body? Oh, God, I fucking rock!* And the guys are the same. They watch their cocks sliding into me doggie-style, their muscles straining as they pound my tight little body into the bed, and they all lock eyes with their reflections and make that same "OH-MY-GOD" face, like they're surfers caught right in the middle of riding a truly awesome pipe.

And blowjobs are amazing with the mirror. I love watching myself sucking on a swollen, thick cock. It's like I'm seeing myself starring in my own, private porn film; and, not to be conceited, I look good! And by "good" I don't mean pretty, because I'm not reluctant to get nasty and messy, spit-covered and sloppy with my hair tangled up in his fists and my eyes tearing and the drool running off my chin. To me that's what looking good in a blowjob is. Like an athlete that's all sweaty and dirty, a blowjob girl looks best when she goes all the way and gets filthy. Nobody wants a polite blowjob. And the cocks look bigger in the mirror somehow, so it looks totally *sick* to watch myself deep throat a big, fat, red monster, working my mouth down his shaft until my cheeks are totally crammed.

Have you ever watched your own face when you're cumming? Isn't it the most beautiful thing in the world? Even through the haze, my vision getting all blurry as he leans over me and power bones to a finish. His strong arms on either side of me as I lift my bum to take him better, the

delicious sound of our bodies slapping together and my sticky wetness slurping on his shaft—even with all that I can't help but train in on the expressions on my face. There's everything in there, the very core of me, in that expression. You can see the shock and wonder as, once again, I watch a whole, big cock disappear inside of my little pussy and I marvel at how wide my beautiful flower can stretch to take it. And, as I watch myself moan uncontrollably, a feeling swells inside me… *I love my pussy. I love my pussy so fucking much!*

And it's nothing for them to pay for it all, because their economies are strong, otherwise why would they be here? I hardly ever pay for a drink or a meal because of all my new friends. I can keep this secret from my family and my school friends, but not from you.

You think of Japan as a fantasy place, away from wives and obligations. And I think of being with you as a fantasy too. So we go to the hotel rooms and dream together. For Americans, to have fantasy is to have sex!

Yes, I have big breasts for a Japanese girl! I am not tall and hard like an American model. I am very short and soft like a dumpling. In Japan we have something called *kawaii,* which is like "cute" but so much more. I am *kawaii* girl, cute and round and happy. And foreign men are funny; in America they want one thing, but in Japan they want me. They buy me presents and laugh at my talk and treat me like I'm the most beautiful girl in the world. Then, up in their hotel rooms, they want to kiss me and rub me all over. They put me on the bed and kiss all over my body as they take my clothes off. They will say, "Momo, you taste so delicious!"

I will say, "Yes, I am yummy! Eat me!!!"

My heart expands and I will gush between my legs and the feelings will rush through me until I am a waterfall of happiness!!!

Then it is my turn and I do what I love to do and work my mouth on them. American men are always so pleased because I have a tiny cute mouth that looks like a flower. The prettier the mouth, the more happy they feel to put their dick inside it. And I give them a massage with my lips and tongue, working their penis until it is strong and hard and

I moan for how much this cock stretches me on the inside. Again and again it shoves up inside so rude and forceful. I feel my body shaken on the bed. I am flowing with feelings of heat and wetness. I cling to his strong arms and gasp out his name if I can remember it. He is making me feel so hot. I am stuffed with sex emotions. He pushes up inside like a strong machine, building an overflow of love energy inside my body until I go into a new level. I am not a girl but a goddess of love. I cry for this new awakening. My boyfriend Todd is the BEST! I mean it!

I dated other guys before, but Todd is way better than any of them! He's older than they were — like, over thirty. It's great because he's a REAL man, and he knows how to treat me! And anyway, he likes it that he's so much older than me! He says it makes him feel young again!

I like making him feel young, because when I do he gets… well… He gets really horny! And I love that! Beause I love doing it! You know, like having SEX? I guess I'm perverted for liking it so much, but I never used to! I tried with my other boyfriends, but it hurt! So when I started dating Todd, I didn't even WANT to do it with him, but he told me I was so hot that if he didn't do it with me, he'd get this thing called Blue Balls, where he'd hurt a whole lot and cry. Well, I didn't want him to hurt! So I let him do it to me, and… it didn't hurt at all! It felt GOOD! Cuz Todd doesn't just stick it in like those other guys! He knows exactly what to do.

Every time we do it, we do the same thing. He looks at me and says, "Wow, little girl, you are so pretty. Can I touch you?"

He likes it when I pretend I don't know him. So I say, "Gee, I don't even know you, sir! I'm not supposed to talk to strangers, or let them touch me!"

"Well I'm not a stranger," he says, "if we get to know each other!" And then he'll put his hands on my boobs. "See? Now I know about your perfect little breasts," he says, and takes my shirt off.

He likes it that my breasts are little, and he licks them before he takes off my pants.

"Look at that little pussy," he says and touches it with his hand. "It's so perfect. Like nobody's ever touched it!"

And I say, "Well, nobody has! Ever!" (He knows that's not true, but it's fun to pretend!)

Then he says, "Well somebody should!"

Then he always runs his hands up my legs, but only right after they're shaved. If I have any stubble on my legs… or on my crotch… he won't come near me! He says it has to be smooth to make him feel young, which makes ME feel young, too! Anyway, he'll say, "So smooth, no hair at all!"

And then he'll run his hand up to my crotch and start petting it and talking about how smooth and hairless it is and **how that makes him so hot….**

StoreMags.com

And then he'll take out his penis, FINALLY, and he'll put just the tiniest little tip of it inside and ask how it feels. "Good!" I always say. I used to tell him to put more in, but he wants me to act like I've never had it before so it's more exciting. I pretend like I'm scared instead of SUPER HORNY, which I always am by that point! Then he'll start putting it inside really slowly, then pulling it out, then back in a LITTLE farther until it feels so good I can't even stand up anymore, and then he'll jam it WAY deep inside at the last minute and leave all his sperm way up in my tight little pussy! He loves my pussy! He says it's so perfect and smooth that I should just show the whole world how it looks, so I did!

I hope you guys like it!

This is my favorite memory: Skipping class with my boyfriend, spending the whole afternoon making love while my mom and grandpa were away at work and my grandmother still was in the hospital. No brothers or sisters around, just him and me and the place to ourselves. I thought I was in love with him, and sex seemed to flow naturally from that. I've had sex since, but sex in love, early love, young love, is like a drug you never want to come down from.

With every inch of skin he undressed, he kissed me there. I loved the feel of him kissing down my neck, smooching my shoulders, sucking on my little titties. To me he seemed like the best lover in the whole world. My body opened right up to him. When he reached up my skirt and started to pull down my panties, I didn't even fight him. I think I actually helped. I'd touched my own pussy so many times dreaming of this day, but the thought he would actually bend down and kiss me there? Oh my god!

When his tongue touched my clit, vibrations went through my whole body. He laughed happily at my reaction. He kissed and licked, taking his time, giving me space to get around the reality of how good this was feeling. The vibrations built and built as he tongued me steady and patiently, until suddenly they were so strong that it's almost like I became paralyzed. I know now it was an orgasm climbing inside me, but in the moment I had no idea. I was actually pretty afraid—and I think that fear made it even better!

He could tell what was about to happen with my "Oh my god, oh my god" chanting. My eyes were wide and my mouth was gaping. Suddenly my body stiffened straight. I couldn't breath. It was coming—down between my legs and spreading through my whole body. The intensity was indescribable! When I managed to breathe again, my eyes welled up with tears and I started to cry. The sobs were real and I think I curled up into a ball. The whole time his mouth was locked on my pussy, tongue caressing my clit.

He didn't even have to ask me as he got between my legs and readied to slide it up. I suppose it's an unspoken rule: If you make a girl cum *that* hard, you can fuck her. That seemed pretty fair to me, trembling as I was on the waves of my last orgasm. I spread my legs for him as he bent his cock down into my cunt. The sensation of him pushing inside made my eyes roll back into my head. Such sweet pain!

He gently started to rock me. Though I wasn't a total virgin, I was still new to sex. My pussy still felt amazingly tight when he thrust up inside me. I was shocked at just how raw the sensations felt, the warm friction of the heat of our bodies sliding together and the reaction of my pussy as it flowed around him. We kissed as he started to pick up the pace, his body hunching, his hips between my thighs. His shaft was pumping me so deep, making me gasp his name over and over. I thought, with feelings this strong and intense, this *has* to be love! No other boy could make me feel this good. (I was wrong, but what did I know?) I wrapped my arms around his shoulders, my legs around his waist and pulled him to me, kissing his neck as he bent his head down and thrust, thrust, thrust.

"I'm gonna cum," he whispered.

My mind flashed with a mix of arousal and fear. I was thrilled to get him off, but terrified of the consequences. "Just be careful," I warned.

"But what do you want me to do?"

I didn't have an answer. "Shoot it on me," I finally said. I didn't get more specific and he couldn't wait for that anyway. In a rush, he pulled out and got over me. I think he was trying to hit my little breasts. I tried to grab it to aim it away from my face, but I ended up fumbling and doing the opposite. The first blast hit me right in the mouth. All I could do was laugh, and he did too.

We broke up a few months later, but that's still one of my favorite memories, skipping school and making love. ❤

I'll admit I've been pretty lonely lately.

I just want a boyfriend so bad, somebody to love me and take care of me. Somebody I could share secrets with and to listen to my most private thoughts. Somebody who wouldn't judge me but accept all the little dirty, secret feelings I have that I would never tell to anyone else. I think you're that kind of person. I can just tell. I bet you have secret feelings too.

You want to put it in my mouth? Yeah, that could be okay. I'll admit I've been curious about you, about how you would taste if I ever got you naked and wrapped my lips around you. Yeah, you have a nice smell, and ever since I met you it's been driving me sort of crazy. Taste and smell are very close sensations, and I've been entertaining little private fantasies about what flavor your cock would have as I rolled my tongue up and down and slid it all the way right past the root and into your balls. I bet your balls would taste pretty good too, just to get down on them to suck on and lick. To a girl like me, that's like a dessert. Don't laugh because I have all sorts of crazy hungers. I would suck on your balls so good while I stroke you off with my hand until the feelings would pour through you. Then, when you were ready for it, I'd go down and put my tongue right into your asshole. That's right, my tongue up your ass. I swear to God it will blow your mind!

I just have these deep hungers that I can't deny. I can't help it. Does it bother you that I want you to cum in my mouth? I just love the taste; it's so masculine and earthy and musky! Just feed it to me. Go ahead and push it into my mouth and pump it. I'll stay right in there with you, milking it with my lips, coaxing you nice and hard to blow in my mouth. Give me a nice, big blast! Give me everything you've got! Explode for me! Make me choke on it!

It was the best birthday gift I could think of: a perfect blowjob. A blowjob to last the ages. A blowjob that would show him all the love I have inside. A blowjob to make him forget every other girl in the world but me.

After school, just him and me kissing, touching, exploring. First base…second base… I pushed him back. "Too fast?" he asked. He didn't understand. I giggled at him as I undid his pants. We smiled at each other. He wanted to believe but wasn't sure; I'd always been so shy. But now it was me—shy, quiet me—fishing out his big, hard shaft. I lay down on my stomach between his legs, getting my face nice and close to his dick.

I smiled nervously, conspiratorially. "Is this okay?" I whispered, stroking it. He nodded, not trusting his voice. I giggled, licking my lips as I looked down on it. "Like this?" I lowered my head, tongue out and touched it to his scrotum. He sucked in his breath. My big, laughing eyes were on him the whole time, delighted at how bold I was being, how much fun we were going to have. A deeper and more sensuous lick now, a wet one, a noisy one, right in there. My tongue slurped against where the flesh was slack and hairy. His stomach muscles tightened.

Totally dragging my tongue right up the sack and onto his shaft!

Again and again, leaving a shiny, wet trail of saliva coating it. My lips on his balls, sucking tenderly on the slack bag of skin, then gently rubbing my fingers below the overhang, pressing a spot that made him squirm uncontrollably.

"You like that?" I whispered again, voice lisping soft, babyish. My big eyes on his. "You like the way I do that?" His tensing stomach muscles encouraged me. Slurping suction with my wet lips enveloping his balls while I stroked his fat shaft. His whole body tensed now, toes curling. I pulled off and held up his shaft for my mouth. Taking it slow, I wiggled my tongue on the head of his cock back and forth, over and over.

Slowly, gingerly, I started slipping the head between my wet lips for a little suck.

Little slurpy lip tugs the get his cock even harder with anticipation. Then I got up off my belly and onto my knees, pulled my hair back behind my ears, and really got down to it.

The sound of my sucking mouth was so loud! It almost made me laugh, how gross and sloppy it sounded pumping my wet mouth on his shaft. I pumped harder, and then harder, and then harder. Soon he was flexing off the mattress, chest swelling. He almost seemed to want me to stop, his body shivering. I kept pumping my mouth: *Shlup-shlurp-shlolp-shhhhlp!* He was wincing, face clenched, like the pleasure I was giving him was *unbearable*. A snarl escaped him as I kept pumping, pumping, pumping without giving him a chance to escape.

When he finally spoke, his voice cracked almost into a whimper. "I'm gonna cum!" It almost sounded tragic! I knew what he meant: I'd never swallowed his semen before, anybody's semen—of course not! Nobody could imagine a girl like me doing a thing like that. But here I was, using my mouth to milk it right out of him. Unrelenting suction forcing his cock to swell and swell and swell until….overload!

"OH, GOD!" he screamed. The yeasty, foamy, salty taste was all in my mouth, in great pulsing bursts that covered my tongue. His whole body flexed with each burst. He seemed shocked, amazed. There actually seemed to be tears in his eyes as he watched in awe and gratitude as I swallowed him all down.

Afterwards there was nothing either of us could think to say. I shot him a big, goofy grin and we both started cracking up.

"Happy birthday," I said, and gave his cock a little kiss.

Master of Oral

AGE 18

FROM Philadelphia, PA

StoreMags.com

I never really went out of my way to be good at giving head, I just always have been. I can't really say why. I don't analyze the sloppy-mouthed voodoo, but I'm pretty sure the unconscious stuff I'm doing is more important than any "technique." The recipe is probably like: 3 parts natural talent, 2 parts technique, 1 part magic, and 94 parts enthusiasm.

Watch a porno. I mean a good one. See those girls swallowing cock like they can't get enough? I know you're saying: She's doing it because people are paying her to do it. That's true but it's not the whole truth. Yeah, enough money and poverty can convince anyone to do anything. But it can't make you good at it. That takes heart. And you're watching a good porno, right? Trust me, that girl is not sucking for money. That girl's sucking out of love.

StoredMags.com

StoreMags.com

If you want to get a guy off as quickly as possible, here's how. All you need to do is lock your lips at the base of his cock and suction them up and down. Keep your lips on the root of his dick while pressing your flattened tongue against the underside of his shaft, then start a steady bobbing pace. Make sure you're applying pressure with both lips and tongue. If you're a girl you're probably saying, *Hey, wait, I can't deep throat and suck like that.* Yeah, well that's too bad because I can. Which means I can steal your boyfriend any time I feel like it—trust me on this. I'm not saying I do it, but with skills like mine, I can. And if you're a guy and you have any imagination at all, your dick is getting hard right now picturing what I'm talking about. It is, isn't it? That's probably because you know deep down that what I'm describing is the best feeling your cock could ever have.

Here's a fact: Every guy loves to have a cute girl slobber over his cock. He wants his blowjob to be as wet and sloppy as possible. There should be loud, gross suction noises. You should be covered in your own drool when you're done.

Another fact: Use your hands. Once you've got it lubed up with spit, your hand should get to work. My move is 'the twister'. When you slide your hand up and down his shaft, twist your wrist. It gives you a smoother rhythm than straight up and down. Then start sliding your hand in conjunction with your mouth. Once the pace is set, it's all over.

The balls are almost as important as the shaft. There are four basic moves I do. I lick them with a flattened cow tongue. I tense my tongue into a point and run the tip all over them. I put them in my mouth and gently suck them. Last, I pull them up and lick underneath them—that's the shocker. But probably the best is simply to cup his

StoredMags.com

StoreMags.com

balls while I suck him.

At least one point during the beej I pop it out of my mouth and slap his cock on my face. Then I look at him while I rub it against my cheek and lips. I pose for him with big, puppy eyes and his cock in my mouth. Guys are visual and that stuff rocks them.

For the big finale, I go into my power move and don't vary the pace for anything. I cup his balls, so I can usually tell he's about to cum because they tense up. I speed up a little bit at the end and, when I feel him start to cum, I push my head down as deep as it will go and suck slowly and intensely at the base, letting his cum just shoot down my throat.

And that's it. No big secrets there. Basically, if you read between the lines of a *Cosmo* article, that's what they're telling you to do. But, again, it's not about knowledge or technique, it's about enthusiasm. I don't really know why I'm such a naturally perfect oral girl. I just know I am and I always have been.

Come lie on the bed with me. Just push all the stuffed animals out of the way. I don't know why I even keep this stuff! Okay, kiss me now. C'mon, you know you want too. I can see the way you look a me. Why should we torture ourselves? Let's just go for it!

No, it's not going too fast. Just pull my panties off and kiss me down there. I want you to go down on me like you do the girls your own age. Yeah, do it with your fingers like that. Suck on me, like you're trying to taste me. God, you're driving me crazy with your tongue! I can't believe the feelings you're giving me just by curling the tip up against my clit like that! When we first featured Veronique we had no idea she was going to blow up into one of the biggest, dirtiest Latina porn stars in the world. She has appeared in too many movies to keep track of and has exploded over the internet like a bomb. A sex bomb!

This must have been, like, the biggest, weirdest year for you ever!

Yeah! It's been amazing! I'm having so much fun but I'm a little sore! [Laughs]

The people reading this interview won't pick up that you have a totally cute Valley Girl accent. Did you grow up in California?

Uh huh. My family is from the Dominican Republic, but I was born right here in Palos Verdes.

Was there anything in your past that would lead people to expect you to become one of the mostly awesomely dirty porn stars in the adult movie business?

What do you mean?

StoreMags.com - Free Magazines Download in True PDF format

Release: StoreMags & FantaMag

Well, when we did that first shoot with you way back when, you honestly seemed a little shy to us. Like just this sweet, nice kid who was maybe in a little over her head. It was one of those times when we kind of feel bad, like, "Jeez, maybe we should call this off. She's going to regret this later." [Veronique laughs] We didn't expect you to leave our little softcore photo shoot and march off to fuck every guy in porn valley!

[Laughing] Oh, that's so sweet! You were scared for me!

Well, yeah! You're like this little five-foot kid with chubby cheeks and a cute smile, and then you take on these monster cocks like it's nothing!

[Still laughing] I do that! I do take them on!

So what I'm asking is, we couldn't see it; could anyone else?

Well, I like sex. I always have. Even when I was just a kid, I had a scrapbook I made of all the dirty stuff I could find. I wrote stories in my little binder. It just comes very naturally to me. And, yeah, people are always surprised because I guess I don't come off that way at first.

So how did you get started in the adult movie business?

There's really not a story. I just waited until I was 18 and then made some calls. I did some softcore pictures and some dancing, but I didn't see the point of waiting too long to do hardcore movies. I knew I wanted to.

No fear? No hesitation? Why?

You know what's something I really like? *El amor espontáneo!* Spontaneous sex! I just like to feel that vibe. Most girls chicken out

StoreMags.com - Free Magazines Download in True PDF format

Release: StoreMags & FantaMag

and repress it, so they can go home and fantasize about it later, or write in their journal or whatever. Instead I just go for it! Ride the wave of those feelings! As girls, we totally have the power to make it happen! Anyway, porno work is basically like having spontaneous sex every day. You meet a guy. You sort of like him. You chat for a bit. There's that energy there. And then, a few minutes later, you just balls-out fuck him raw! Plus there are cameras there! That's what porno movies are like.

So I guess you're saying you like it?

I love it. I wouldn't do it if I didn't. The money is nice, but I wasn't poor before. I wasn't forced to do it or starve. I like sex and I just don't see the big deal with it. People want to watch me fuck, let 'em do it. [Laughs]

What do you especially like? Or especially don't like?

Well, I like giving blowjobs but I gotta admit this work is starting to make me tired of 'em. The guys are so huge and the directors just want those scenes to go on forever! It's starting to feel like work.

And what do you like?

I guess I'm blessed because my pussy is really sensitive. I talk to other girls about the feelings I have during sex and they don't really know what I'm talking about—and these are performers! I just love the feeling of a cock sliding up inside me, with me on top, in control and working it. I get this instant flow. Even talking about it, I'm getting a little frisky! [Laughs]

Too bad we're on the other side of the country.

Yeah, too bad for you! [Laughs]
